Honorable City Council:

Re: Request permission to apply for an Evidence-Based Efficiency Project Byrne Justice Assistance Grant (BYRNE JAG) for the Fiscal Year 2012 from the Michigan State Police Department.

The Michigan State Police Department is accepting applications for Evidence-Based Efficiency Projects Byrne Justice Assistance Grants (BYRNE JAG) for Fiscal Year 2012. The Detroit Police Department (DPD) is eligible to apply for \$75,000.00 with a 10% cash match. The match will be met in the form of DPD manpower hours (salary) devoted to administration and coordination of grant activities.

The intent of this project is to assist local communities to improve local criminal justice efforts to efficiently and effectively address crime via an evidence-based solution. Programs that are developed must demonstrate increased efficiency, safety and cost effectiveness, or show a positive impact on community members using evidence-based methods. Innovative projects which focus on reducing personnel costs will receive priority over other projects. If awarded, grant period would be October 1, 2011 through September 30, 2012.

In the event that approval is granted to apply and the award is received, Commander Robert Ennis, of the Criminal Investigations Bureau (CIB), would serve as the project director. The deadline for this application is June 17, 2011.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the funding and approved participation.

If you have any questions or concerns, regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Respectfully submitted,
RALPH L. GODBEE, JR.

Re: Petition No. 802 — Giffels-Webster Engineers, request for vacation of public alley in the East Jefferson Neighborhood Project; bounded by lots 22-29 of Willis Subdivision of McDougall Farm and 30-37 of Walkers Tract, Walker Street to east.

Petition No. 802 of "Giffels-Webster Engineers" on behalf of Presbyterian Village of Michigan requests for the outright vacation of the public alley, 20 feet wide, in the block bounded by Franklin Street, 50 feet wide, Wight Street, 50 feet wide, McDougall Avenue, 60 feet wide, and Walker Street, 50 feet wide. This request will facilitate the construction of new state of the art Senior Citizens Apartment and Assistance Living Building.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

DTE Energy Electric Division reports that the estimated cost of removing and/or rerouting the electric service is \$30,500.00.

The Petitioner "Giffels-Webster Engineers" on behalf of their client Presbyterian Village of Michigan has provided to the City Engineering Division of DPW a letter of commitment from the Presbyterian Village of Michigan signed by Nathan Keup, Director of Real Estate Development agreeing to pay all cost of relocation and removal of all utilities listed above or any others lying within the existing public alley located within the project area. The letter is dated June 6, 2011 addressed to Mr. Noel Perry, Supervisor of Maps and Records, City Engineering Division, DPW, 65 Cadillac Square, Detroit, Michigan 48226.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY
