**Department of Public Works
 City Engineering Division**

November 22, 2019

Honorable City Council:

Re: Amended and Restated Petition No. 1061 — Detroit Department of Public Works City Engineering Division, request for approval of Amended and Restated Resolution relating to conversion to easement portions of the following streets: Marcus Avenue, and Rugg Street, Richardson Street and the outright vacation of Filer Avenue and certain alleys for the development of a parking lot for Cedar Investments, LLC.

On October 1, 2019, Detroit City Council approved a resolution relating to Petition No. 1061 submitted by Detroit Department of Public Works City Engineering Division (“CED”) on behalf of Crown Enterprises, Inc., (“Crown”) which resolution was subsequently recorded in Wayne County Records on October 9, 2019 in Liber 55325, Page 1203 (the “Original Resolution”). It was subsequently determined that the Original Resolution did not include certain provisions agreed to by CED and Crown and further contained certain scrivener’s errors with respect to legal descriptions contained therein. Further, Crown’s affiliate, Cedar Investments, LLC, (“Cedar”) has subsequently acquired fee title to the land adjacent to the impacted rights of way and is now the appropriate petitioner.

CED, on behalf of Crown, respectfully requests that Detroit City Council adopt the attached resolution (the “Amended Resolution”), which Amended Resolution amends and restates and supersedes in its entirety the Original Resolution.

Amended and Restated Petition No. 1061 — Detroit Department of Public Works City Engineering Division on behalf of Cedar Investments, LLC requesting the conversion to easement and the outright vacation of certain streets and certain alley segments as more particularly described in the attached Amended Resolution, in the area generally bounded by Huber Avenue on the north, Mt. Elliot Avenue on the west, Georgia Avenue on the south, and New York Central Rail Line on the east.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made for the proposed development of Cedar Investments, LLC’s parking lot on the east side of Mt. Elliot. Cedar Investments, LLC shall pay the costs required to abandon and relo-

cate active utility lines in the subject streets and alleys. Alternatively, Cedar Investments, LLC may grant private easements to existing utilities to allow them to remain in place while providing access for repairs or replacement.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW (TED), and City Engineering — DPW (CED). The construction of the proposed turnaround on Marcus Avenue upon lots 761 & 835 of Bessenger & Moore’s Mt. Elliot Avenue Sub., L. 33 P. 19, will be done under plans approved by both TED and CED.

Provisions for the turnaround to be constructed under plans approved by TED and permits from CED are a part of the resolution.

DTE Gas Company reports involvement but no objection.

AT&T objects to the property change. Cedar Investments, LLC continues to work with AT&T to make mutually satisfactory arrangements for removal of AT&T facilities or granting of a private easement.

DTE Energy-Electric objects to the property change. Cedar Investments, LLC continues to work with DTE to make mutually satisfactory arrangements for removal of DTE facilities or granting of a private easement.

Detroit Fire Department (DFD) reports involvement but no objection provided Cedar Investments, LLC maintains emergency vehicle access to all existing building structures and hydrants.

Detroit Water and Sewerage Department (DWSD) has no objection to the requested conversion to easement vacations and outright vacation of alleys, provided certain conditions are met. The specific DWSD conditions and provisions for granting of private easements are included in the resolution. DWSD reports that there are water mains in Marcus, Rugg, and Richardson Streets and that for all of the subject alleys the existing sewers can be removed.

All other involved City Departments, and privately owned utility companies informed of this petition have reported no objections to the vacations. Cedar Investments, LLC’s commitment to continue working with all involved public and private utilities to protect their installations is incorporated in the attached resolution.

I am recommending adoption of the attached Amended Resolution, which Amended Resolution amends and restates and supersedes in its entirety the Original Resolution, and further respectfully request that your Honorable Body adopt the Amended Resolution with a Waiver of Reconsideration.

Respectfully submitted,
 RICHARD DOHERTY, P.E.

City Engineer
 City Engineering Division — DPW

**AMENDED AND
RESTATED RESOLUTION**

Be and the same is hereby vacated as a public right-of-way to become part and parcel of the abutting property and is hereby converted to an easement for public utilities of the full width of the right-of-way, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said right-of-way and by their heirs, executors, administrators and assigns, forever to wit:

Said owners hereby grant to and for the use of Detroit Water and Sewerage Department (DWSD), AT&T, ITC Holdings (if applicable), and DTE Electric Company (DTE), respectively, an easement as herein above described for the purposes of maintaining, installing, repairing, removing, inspecting or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or related infrastructure and equipment, with the right of ingress and egress, including on adjacent property, for the purpose above set forth herein, and DWSD, AT&T, ITC Holdings, and DTE, respectively, shall use due care in accessing their infrastructure and any property damaged by the utility companies shall be restored to a satisfactory condition.

Said owners for their heirs and assigns further agree that no buildings, shall be built or placed upon said easements without prior approval of DWSD or any other utility companies actually having facilities located in the affected easements, provided, that except for the restriction on buildings, nothing in this condition shall prevent Cedar from utilizing the easement in accordance with an approved site plan for the currently contemplated use as of

the date hereof, which contemplated use does not include any buildings,

If the owners of any lots abutting on said vacated street shall request the removal and/or relocation of any existing poles or other utilities in said easement; such owners making such request shall pay all reasonable costs for such removal and/or relocation, unless such charges are waived by the utility owners.

If any utility located in said property shall break or be damaged as a result of any negligent or wrongful action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with code then in such event said owners or assigns causing such damage shall be liable for all reasonable costs incidental to the repair of such broken or damaged utility.

In the event that any current or future site plan requires the relocation of any existing sewers water mains or related DWSD infrastructure within said easements or construction of any new sewers water mains or related DWSD infrastructure, Cedar Investments, LLC or their assigns shall design and construct proposed sewers and or water mains to interconnect their proposed project with the existing public sewers and or water mains as required by DWSD prior to construction of the proposed sewers and or water mains in accordance with the following: (i) the plans for the sewers and or water mains shall be prepared by a registered engineer; (ii) DWSD be and is hereby authorized to review the drawings for the proposed sewers and or water mains and to issue permits for the construction of the sewers; (iii) the entire work is to be performed in accordance with plans and specifications approved by DWSD and constructed under the inspection and approval of DWSD; (iv) the entire cost of the proposed sewers and or water mains construction, including inspection, survey and engineering shall be borne by the Cedar Investments, LLC or their assigns; (v) Cedar Investments, LLC or their assigns shall deposit with DWSD, in advance of engineering, inspection and survey, such amounts as the department deems necessary to cover the costs of these services; (vi) Cedar Investments, LLC or their assigns shall grant to the City a satisfactory easement for the sewers and or water mains; (vii) the Board of Water Commissioners shall accept and execute the easement grant on behalf of the City; (viii) Cedar Investments, LLC or their assigns shall provide a one (1) year warranty for the proposed sewers and or water mains; and (ix) that upon satisfactory completion, any public sewers and or water mains shall become City property and become part of the City system, and any existing sewers and or water mains

that were abandoned shall belong to Cedar Investments, LLC or their assigns and will no longer be the responsibility of the City,

Provided, That the petitioner maintain Fire Department vehicle access to all buildings, structures, fire hydrants, and fire department connections; and further

Provided, That free and easy access to the DTE facilities within the easement is reserved for DTE equipment including the use of backhoes, bull dozers, cranes or pipe trucks, and other heavy construction equipment, as necessary for the alteration or repair of the facilities, and further and be it also

Resolved, That all of the following parts of Filer Avenue, 50 feet wide, and alley segments being land in the City of Detroit, Wayne County, Michigan further described as:

1) Filer Avenue, 50 feet wide, from the north line of lots 771 and 772 to the south line of lots 778 and 765 of Bessenger & Moore's Mt. Elliot Avenue Sub. Liber 33, Page 19: Filer Avenue lying east of and adjoining the east line of lots 772 through 778 and lying west of and adjoining lots the west line of 765 through 771 of Bessenger & Moore's Mt. RESOLUTION IN SUPPORT OF RE-ENACTING THE FEDERAL DACA (DEFERRED ACTION ON CHILDHOOD ARRIVALS) PROGRAM IN THE EVENT THAT IT IS STRUCK DOWN BY THE U.S. SUPREME COURT

By Council Member CASTANEDA-LOPEZ, joined by Council Members McCALISTER, JR., SHEFFIELD and PRESIDENT JONES:

WHEREAS, On September 12, 2017, Detroit City Council unanimously resolved (8-0), through the attached Resolution in

Support of the Federal DACA (Deferred Action on Childhood Arrivals) and the Dreamers, to support the federal DACA program and more than 700,000 "Dreamers", undocumented immigrants to America who arrived here as children and who, although they are therefore generally ineligible to apply for citizenship, in effect have never known any other home except the United States; and

WHEREAS, On November 12, 2019, the Supreme Court of the United States heard oral arguments on the Dreamers' challenge to the Trump administration's ill-conceived discontinuation of DACA, through consolidated appeals from three cases brought in California, New York and the District of Columbia, based on alleged violation of requirements of the Administrative Procedure Act; and
