**Department of Public Works
 City Engineering Division**

April 11, 2014

Honorable City Council:
 Re: Petition No. 2923, Laura Reyes Kopack, request for an alley to easement at 7150 W. Vernor, Detroit, MI 48209.

Petition No. 2923, Laura Reyes Kopack on behalf of LA SED requests conversion of the West 1/2 of the East-West public alley, 18 feet wide, into a private easement for utilities; all in the block bounded by Vernor Highway, 66 feet wide, Pitt Street, 50 feet wide, Green Avenue, 60 feet wide, and Reiden Avenue, 60 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW.

All City Departments and privately-owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for the public utilities. Provisions protecting utility installations are part of the attached resolution.

Detroit Water and Sewerage Department (DWSD) have no objection to the

conversion to easement. The specific DWSD provisions for easements are included in the resolution.

Public Lighting Department (PLD) has no objection to the conversion to easement. The specific PLD provisions for easements are included in the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
 RICHARD DOHERTY
 City Engineer
