Honorable City Council:
Re: Petition No. 324 Ajax Metal Processing, Inc. request to convert to permanent closure of the temporary closure of Bellevue Avenue between Gratiot and Forest previously granted in 1985 and again in 1991.
Petition No. 324 Ajax Metal Processing, Inc. request the vacation and conversion to easement Bellevue Avenue, 70 feet wide from Gratiot Avenue, 120 feet wide to Forest Avenue, 70 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made to provide security for the business and to keep the public away from the heavy truck traffic. The subject area has been physically closed since 1985 and your Honorable Body has previously approved the closure as a temporary closure.

All City Departments and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW.

Provisions protecting utility installations are part of the attached resolution. Detroit Water and Sewerage Department (DWSD) has no objection to the conver-

sion to easement. The specific DWSD provisions for easements are included in the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.C.

City Engineer

City Engineering Division — DPW
By Council Member Benson:
