Honorable City Council:

Re: Giffels Webster — Petition No. 380 requesting to outright vacate, amended to also include the conversion to easement, of certain public alleys in the block bounded by Park, Woodward, Temple and Charlotte.

Petition No. 380 of Giffels Webster, at 28 W. Adams, Suite 1200, Detroit, Michigan 48226 respectfully request to vacate (outright) the northerly 266.99 feet of the north-south, public alley, 15.00 ft. wd., first east of Park Avenue, between Temple, and Charlotte Avenues, to vacate (outright) and the east-west, public alley 20 ft. wd. between Park and Woodward Avenues; request the conversion of, the southerly 95.21 ft. of the north-south, public alley, 15.00 ft. wd., first east of said Park Avenue, between Temple and Charlotte Avenues; and all of the north-south public alley, 15.00 ft. wd., first west of Woodward Avenue, between said Temple and Charlotte Avenues into private easements for utilities. All of said public alleys are in the block bounded by said Park Avenue (60 feet wide), said Woodward Avenue (120 feet wide), said Temple Avenue (60 feet wide) and said Charlotte Avenue (60 feet wide).

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) have no objection to the requested outright vacation provided that if it becomes necessary an easement will be granted by the property owner in accordance with plans approved by the DWSD. All necessary work is to be at the property owner's expense and at no costs to the DWSD. Also, the property owner must comply with the provisions and requirements of the attached resolution.

The Public Lighting Department (PLD)

reports having underground fed lighting circuits running in the area of the requested vacations. However, the PLD has no objections to vacating its facilities, provided that all required work is performed by the property owner's contractor at no cost to the PLD. Call MISS DIG to mark PLD installations. The contractor will be liable for any loss or damage to the PLD.

All other city departments and privately owned utility companies have reported no objections to the changes in the public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW
