Honorable City Council:

Re: Petition No. 548 — SDG, request permission to encroach into rights-of-way listed within the report on behalf of Hartford Memorial Baptist Church located at 18700 James Couzens Freeway,

Petition No. 548 of SDG Architects and Planners, on behalf of Hartford Memorial Baptist Church whose address is 18700 James Couzens, Detroit, MI 48235, request to vacate part of an alley in the block of Clarita, 50 feet wide, West Seven Mile Road, 106 feet wide, James Couzens, 106 feet wide, Ardmore, 50 feet wide, and Stansbury Avenue, 50 feet wide. The request is also for the following encroachments:

1. A 64'0" wide bridge encroachment above Clarita Avenue for a parking structure extension. The minimum clearance above the street surface to the underside of the encroachment will be 16'0".
2. A 3'0" wide sub-surface encroachment along a portion of James Couzens Service Drive right-of-way.
3. A 3'0" wide sub-surface encroachment along a portion of Lesure Avenue, 50 feet wide, right-of-way.
4. A 3'0" wide sub-surface encroachment along a portion of Clarita Avenue right-of-way.
5. A 3'0" wide sub-surface encroachment and a 2'0" wide above grade

encroachment along a portion of the alley, 20 feet wide first east and parallel to James Couzens Service Drive right-of-way. The minimum clearance above the alley surface to the underside of the above grade encroachment will be 16'0".

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made by Hartford Memorial Baptist Church in order to address parking issues by providing ample, safe and secure parking in a parking structure; also to construct an activity center for Church, Youth and Community functions; also to provide "incubator" retail space and new Church office space.

The request was approved by the Solid Waste Division — DPW, Traffic Engineering Division — DPW, and City Engineering Division — DPW.

Detroit Water and Sewerage Department (DWSD) reports having facilities in the encroachment area, but has no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution. DWSD reports that there are no water mains or sewers in the alley to be vacated and DWSD has no objection to the requested vacations.

Public Lighting Department (PLD) and Public Lighting Authority (PLA) report being involved and both approve provided certain conditions are met. The PLD reports that there is a cable pole 2 feet back of curb with connecting duct line at encroachment area #1 (Bridge encroachment). The cable pole has guy wires connected. The PLD cable pole and conduit would have to be relocated at project cost. PLA reports that the alley vacation is acceptable upon removal of all alley lights and cable at project cost. PLD and PLA conditions have been made a part of the attached resolution.

DTE Energy — Electric Division reports involvement with the project. The estimated costs of removing and/or rerouting such services are \$27,565. A provision requiring the removal and/or relocation of DTE Energy electric service is a part of the resolution.

DTE Energy — Gas Division have determined this is not to be a build over, nor would this project require the rerouting of any mains in the area, and have agreed to allow the project to continue as planned. An easement the full width of Clarita must be maintained.

AT&T reports being involved and their services must be removed or rerouted at project cost or an easement granted.

Comcast reports being involved and their services must be removed or rerouted at project cost or an easement granted. All other involved City departments and privately owned utility companies have reported no objections. Provisions pro-

tecting all utilities are a part of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY
P.E., City Engineer

City Engineering Division—DPW

By Council Member Ayers:

Honorable City Council:
 Re: Petition No. 480 — Giffels Webster, request on behalf of 4625 LLC for the vacation of a portion of W. Forest, 70 feet wide and Second Avenue, 100 feet wide.
 Petition No. 480 — Giffels Webster on behalf of 4625 LLC, request to vacate and

convert to easement the south 6.3 feet of Forest Avenue, 70 feet wide, between Second Avenue and the public alley first west thereof; also the west 9.3 feet of Second Avenue, 100 feet wide from Forest Avenue to a point 72.8 feet north of Prentis Avenue, 60 feet wide.

This request is being made as a part of the restoration of the historic Forest Arms Apartment Building. The owners are rehabilitating the property back as close as possible to its original 1905 condition. The Forest Arms masonry and wrought iron fence existed as an encroachment in the public right-of-way and the owners wish to maintain the fence without interfering with the sidewalk space.
 The petition was referred to the City
