Honorable City Council:

Re: Petition No. 638, C&C Secured Investment Inc., request permission to convert the alley area of properties 15151 Chippewa and 20080 James Couzens Fwy. into an easement.

Petition No. 638, C&C Secured Investment Inc. required vacation and conversion of the northwest-southeast public alley, 20 feet wide, in the block bounded by Basil Avenue, 60 feet wide, Oxley Avenue, 60 feet wide, Chippewa Avenue, 60.13 feet wide and James Couzens service drive 30 feet wide, into a private easement for public utilities.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made in order to consolidate two properties and to provide more yard space.

All City Departments and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW.

Provisions protecting utility installations are part of the attached resolution Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW
