City Engineering Division**

February 27, 2017

Honorable City Council:
Re: Petition No. 1203 — Wayside Missionary Baptist Church request to erect a structural buffer/barrier to ensure the safety of the church members and property.

Petition No. 1203 — Wayside Missionary Baptist Church request for an encroachment with a fence and bollards. The fence is on the south side of East Warren Avenue, 60 feet wide between Crane Avenue, 60 feet wide and Rohns Avenue, 66 feet wide; also on the west side of Rohns Avenue, between East Forest Avenue, 70 feet wide and East Warren Avenue. The Bollards are to be installed on the west side of Rohns Avenue, between East Forest Avenue and East Warren Avenue.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to provide security for the church members and the church parking lot.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW.

Detroit Water and Sewerage Department (DWSD) reports being involved, but has no objection provided the DWSD encroachment provisions are followed provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Department and Public Lighting Authority; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.
City Engineer
