of the alley that runs east and west up to an alley that runs north and south of Tennessee Missionary Baptist Church located at 2100 Fischer St.

Petition No. 1343 by Milbrun L. Pearson II, request to vacate and convert to easement the east-west and north-south public alleys, both 20 feet wide, in the block of Kercheval Avenue, 80 feet wide, Vernor Highway, 60 feet wide, Fischer Avenue, 60 feet wide, and Crane Avenue, 50 feet wide.

The petition was referred to the City

Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made to for use as a parking area and to prevent blight in the alleys.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW.

DTE — Energy — Electric has no objection, provided access is maintained to their equipment. Provisions for DTE access are made a part of the resolution. Public Lighting Department (PLD) has no objection provided the cost for any removal of their equipment is borne by the petitioner. A provision for PLD is a part of the resolution. Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easements for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully Submitted,
