July 2, 2018

Honorable City Council:

Re: Petition No. 1812 — Larson Realty, request the outright vacation of a portion of Trumbull Avenue's public right-of-way adjacent to 1620 Michigan Avenue, commonly known as the old Tiger Stadium site.

Petition No. 1812 of Larson Realty request to outright vacate the westerly 13 feet of Trumbull Avenue, 100 feet wide, from the Fisher Freeway Service Drive southward 537 feet toward Michigan Avenue, 120 feet wide; also to outright vacate the easterly part of Kaline Drive, 50 feet wide, (now an easement) between Cochrane Avenue, 65 feet wide and Trumbull Avenue, and the north-south alley, 18 feet wide, (now an easement) first west of Trumbull between Kaline Drive and Fisher Freeway Service Drive.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made to create a buildable parcel of land between the new P.A.L. Ballpark at the Corner and Trumbull Avenue.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation provided certain provisions are met. The DWSD provisions are a part of the attached resolution. The Planning and Development Department had concerns about the alignment of Trumbull Avenue from the Fisher Freeway Service Drive to Michigan Avenue. The developer has addressed these concerns and will provide a consistent streetscape in the area. Public Lighting Authority (PLA) has street lighting in the area. PLA has stated that they will work with the developer to install new underground fed LED lighting along Trumbull Avenue. A provision for the PLA street lighting is a part of the resolution. DTE — Gas Division reports involvement in the area and will need to relocate some gas lines. Provisions for the relocation of the gas lines are a part of the resolution.

All other involved City departments and privately owned utility companies have

reported no objections to the vacations. Provisions for relocation of the utilities and the City services are a part of this resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW
