**Department of Public Works
 City Engineering Division**

March 11, 2019

Honorable City Council:
 Re: Petition No. 542 — Lafayette Acquisition Partners LLC, request to vacate a public utility easement affecting 1401 Rivard.

Petition No. 542 — Lafayette Acquisition Partners LLC requesting the vacation of a public easement, 20 feet wide, in the block of Lafayette Avenue, 120 feet wide, Antietam Street, variable width, 1-375 northbound service drive, variable width, and Rivard Street, 70 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made for a proposed development. In order to have a buildable parcel of land the easement must be extinguished.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation of the easement. The specific DWSD provisions for vacation of an easement are included in the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the outright vacation of the public easement. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
 RICHARD DOHERTY, P.E.
 City Engineer

City Engineering Division — DPW
