Honorable City Council:

Re: Petition No. 785 — Giffels Webster, request to vacate and close a portion of Porter Street and the public alley north of Porter Street and south of Bagley Avenue, bounded by Wabash Avenue (vacated) and Vermont Avenue.

Petition No. 785 — Giffels Webster request to vacate and convert to easement a portion of Porter Avenue, 47 feet wide, west of Vermont Avenue, 70 feet wide, and also vacate and convert to easement the north-south public alley, 20 feet wide, north of Porter Street, 47 feet wide, and south Bagley Avenue, 60 feet wide; bounded by New York Central Rail Line and Vermont Avenue, 70 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is being made as part of a project planned for the area.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

RICHARD DOHERTY, P.E.

City Engineer

City Engineering Division — DPW

Provided, That said owners of the adjoining property, for themselves, their heirs and assigns, agree that no building or structure of any nature whatsoever, including porches, patios, balconies, etc., shall be built upon or over said easement, or that no grade changes or storage of materials shall be made within said easement without prior written approval and agreement with the Detroit Water and Sewerage Department; and be it further

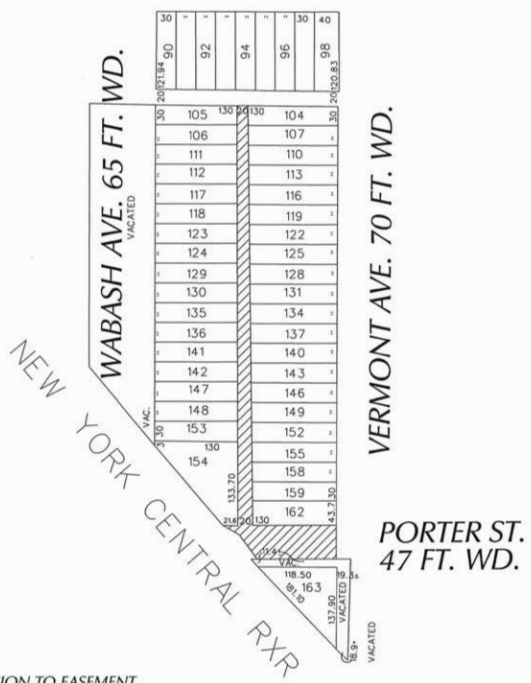

Provided, That if any time in the future, the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of the aforementioned utilities in said easement, such owners shall pay all costs incidental to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incidental to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further
