Petition No. 1287 – Selden Innovation Center, LLC request to vacate and convert to easement a segment of Frank Street, 50 ft. Wide, and east-west public alley, 20 ft. wide, lying north of Frank Street bounded by West Alexandrine Street, 50 ft. wide, 4th Street, 50 ft. wide, Selden street, 50 ft. wide, and the John C. Lodge Freeway Service Drive.

The petition was referred to the City Engineering Division – DPW for investigation (utility review) and report. This is our report.

The request is being made in relation to the redevelopment of the former Detroit Public School building located at 950 Selden Street.

The request was approved by the Solid Waste Division — DPW, and Traffic Engi-

neering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation and conversion to utility easement provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the vacation and conversion to utility easement of the alley. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
