Honorable City Council:

Re: Petition No. x2022-34 — City of Detroit: Department of Public Works request to vacate to utility easement part of Frank Street between the northbound M-10 Service Drive and 4th Street.

Petition No. x2022-34 — City of Detroit: Department of Public Works request to vacate to utility easement part of Frank Street, 50 ft. wide, between the northbound M-10 Service Drive and 4th Street, 50 ft. wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is made as part of the street improvement related to the rehabilitation of the structure located at 950 Selden Street.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation and conversion to utility easement provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the vacation and conversion to utility easement of the alley. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.
