Honorable City Council:

Re: Petition No. x2022-94 — The City of Detroit Department of Public Works and General Services Department request for Vacation with reserve of utility easement of various segments of streets and alleys and the Dedication for the widening of various segments right of way all in association with the redevelopment of Roosevelt Park at 2231 Michigan Avenue.

Petition No. x2022-94 — The City of Detroit Department of Public Works and General Services Department request for Vacation with reserve of utility easement of various segments of streets and alleys and the Dedication for the widening of various segments right of way all in association with the redevelopment of Roosevelt Park at 2231 Michigan Avenue.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The request is made as part of plans to update Roosevelt Park as a result of the Central Train Station renovation.

The request was approved by the Solid Waste Division — DPW, and Traffic Engineering Division — DPW, and City Engineering — DPW.

Detroit Water and Sewerage Department (DWSD) has no objection provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

All other involved City Departments, and privately owned utility companies have reported no objections. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

RICHARD DOHERTY, P.E.
