Honorable City Council:

Re: Petition No. 3. AAA Claims Center — Cadieux Rd. Alley to Easement portion of north-south public alley west of Cadieux between the Edsel Ford Fwy. and Britain; also requesting permission to encroach with a masonry screen wall across the alley.

Petition No. 3 of "AAA Claims Center — Cadieux Road" requests the conversion of a portion of the north-south public alley, 20 feet wide, west of Cadieux Road between the Edsel Ford Freeway and Britain Avenue into an easement for public utilities; also to encroach across the (converted) public alley with a masonry screen wall (approximately 4.50 to 6 feet in height with below grade footings).

The encroaching screen wall is necessary to separate commercial parking and residential properties.

The requested conversion into a public utility easement was approved by the Community and Economic Development Department. The petition was referred to the City Engineering Department for investigation and report. This is our report:

Provisions protecting the Water and Sewerage Department's interests in the public sewer are incorporated into the resolution.

All other City departments and privately-owned utility companies have replied they have no objection to the proposed conversion or the encroachment. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,
CLYDE R. HOPKINS,
Director

By Council Member Eberhard:
