

## City Engineering Department

March 8, 1993

Honorable City Council:

Re: Petition No. 2350. Eutectic Engineering, Inc. Alley to Easement, north-south public alley in the block bounded by Mt. Elliott, Filer, Brimson and E. Davison.

Petition No. 2350 of "Eutectic Engineering, Inc." requests the conversion of the north-south public alley, 20 feet wide, in the block bounded by Mt. Elliott, Filer, Brimson, and E. Davison Avenues into an easement for public utilities.

The requested conversion was approved by the Community and Economic Development Department. The petition was referred to the City Engineering Department for investigation and report. This is our report:

The petitioner plans to use the paved alley return entrances (into Brimson and E. Davison Avenues) and requests such remain in their present status. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

City departments and privately-owned utility companies have reported no objections to the conversion of public rights-of-way into a utility easement. Provisions protecting utility installations are part of the resolution.

The adoption of the resolution is recommended.

Respectfully submitted,

CLYDE R. HOPKINS

Director
