Water and Sewerage Department October 25, 1995

Honorable City Council:

Re: Petition No. 1693 — Sam Denha Relocation of Sewer Line at 14040 Greenfield.

Attached, herewith, is Patition No. 1693 from Mr. Sam Denha owner of the property at 14040 Greenfield Road requesting the relocation of sewers from its current position under proposed building (rear alley) to the side street manhole on Birch Road.

We have no objections to the proposed relocation of sewers provided the sewers are constructed in accordance with plans approved by the Detroit Water and Sewerage Department (DWSD) and under the DWSD's permit and inspection. In addition, the existing sewer located on the petitioner's property in the easement north of Birch Road and east of Greenfield is to be abandoned as a City sewer to become a private sewer and the sewer easement is to be vacated.

We, therefore, recommend that the petition be granted in accordance with the

attached resolution.

After the City Council has acted on the petition, please send a copy of City Council resolution to the attention of McDennis Kopp, Acting Head Engineer of Water Systems, DWSD, at the Water Board Building, 14th Floor.

Respectfully submitted, STEPHEN F. GORDEN Director
