Honorable City Council:

Re: Petition No. 3206 (a/k/a Petition No. 2601) Marsela and Michael Reyes, Alley to Easement westerly part of the east-west public alley in the block bounded by Lansing, McKinstry, Christancy, and W. Vernor

Petition No. 3206 of "Marsela and Michael Reyes" requests the conversion of a westerly part of the east-west public alley, 20 feet wide, in the block bounded by Lansing, McKinstry and Christancy Avenues, and W. Vernor Highway into a private easement for public utilities.

The requested conversion was approved by the Planning and Development Department, Solid Waste Division - DPW, and Traffic Engineering Division - DPW. The petition was referred to the City Engineering Division - DPW for investigation (utility review) and report. This is our report:

The petitioner plans to use the paved alley return entrance (into Lansing Avenue) and requests such remain in its present status. The petitioner shall pay all incidental removal costs whenever discontinuance of use makes removal necessary.

City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
SUNDAY JAIYESIMI
