Attention City Clerk:

Parsons Engineering Science (Parsons ES) is requesting your approval to install five permanent groundwater monitoring wells in the R/W on behalf of Shell Oil Products Company. See the attached site plan for boring/monitoring well locations. These wells will be installed to sample the soil and groundwater surrounding the Shell Retail facility at Michigan Ave and Eleventh St., as required by the Michigan Department of Environmental Quality (MDEQ).

I will be following up this letter by telephone in several days to request a petition number associated with this petition letter, so that I may complete my "encroachment permit" process with the City Engineering Division.

If you have any question regarding the attached application, please do not hesitate to contact me at (216) 486-9005.

Very truly yours,

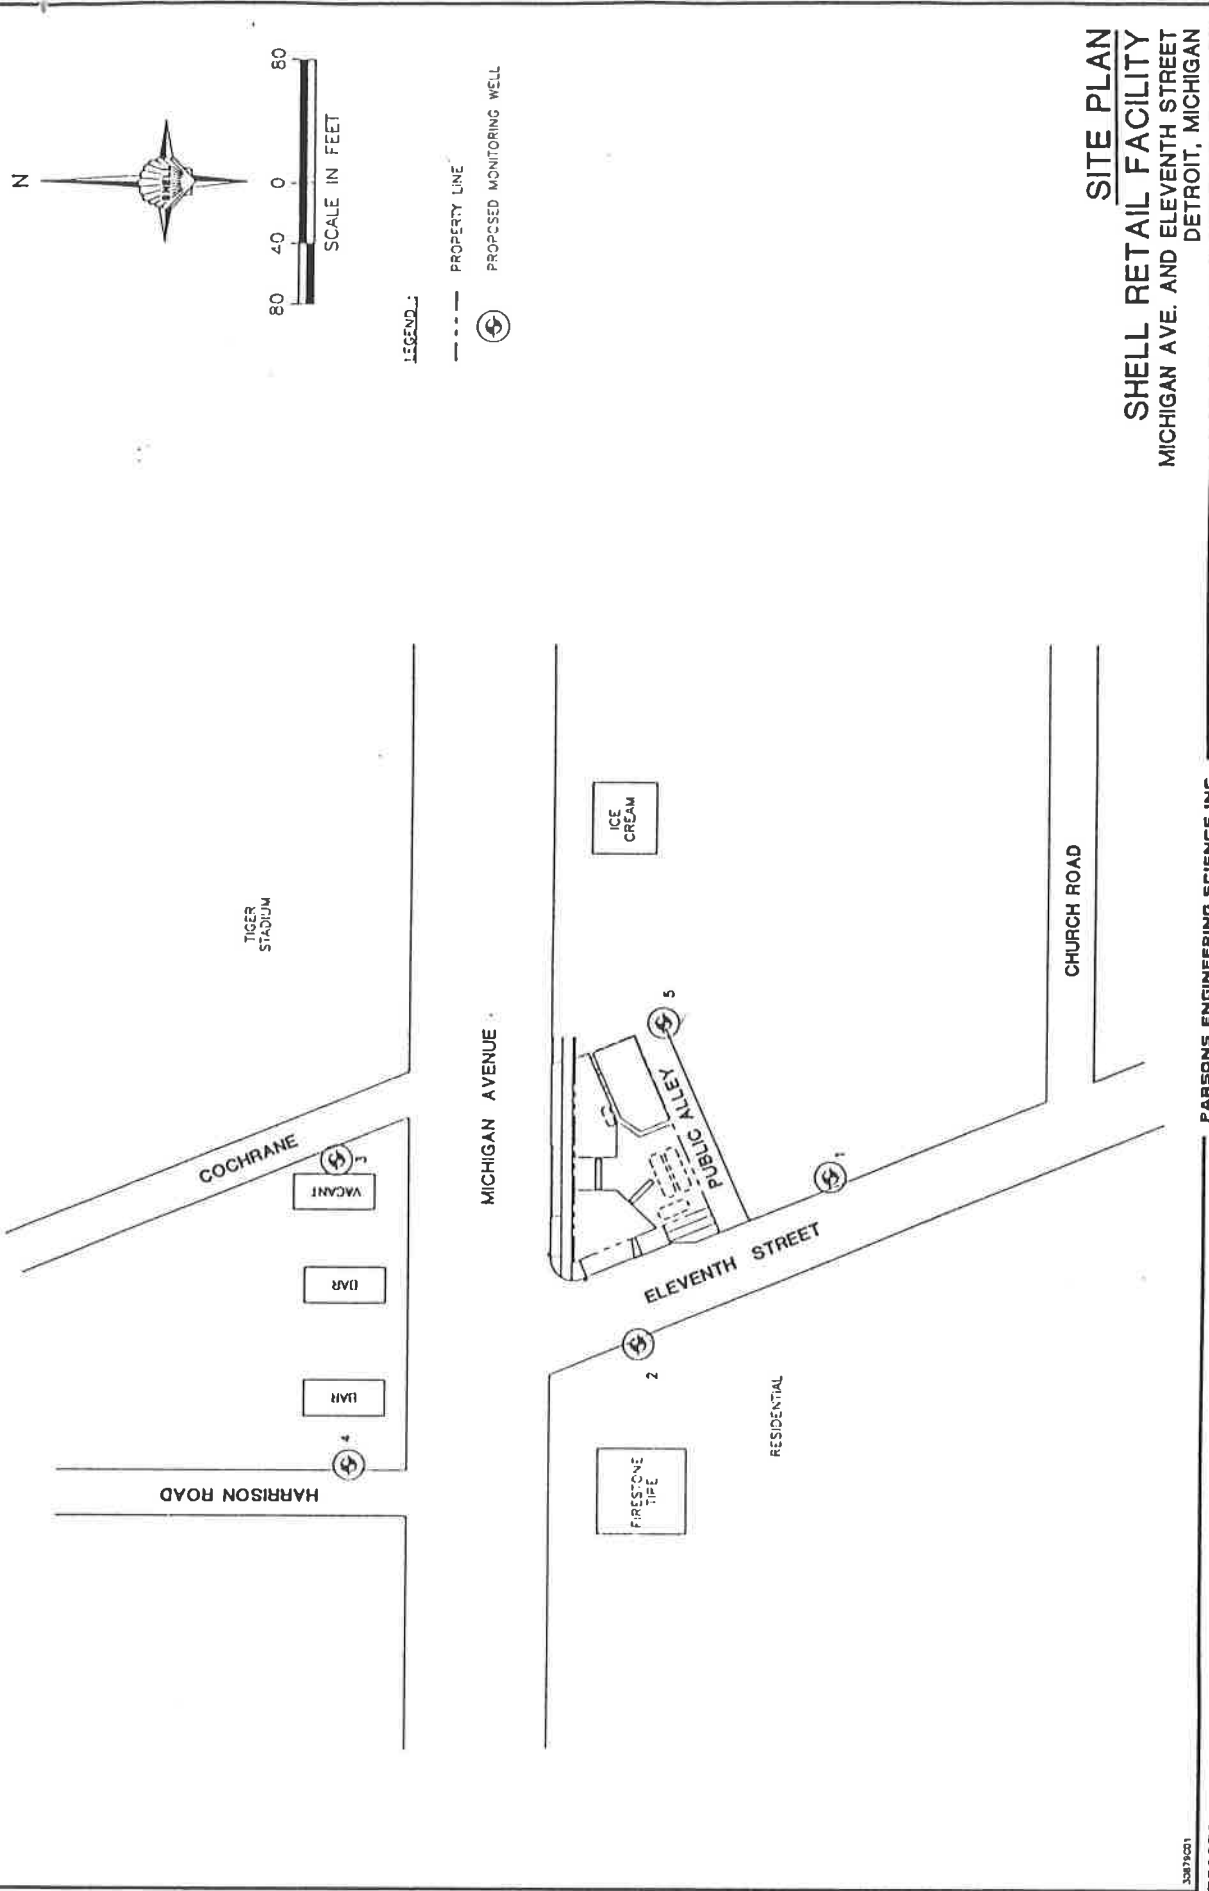

PARSONS ENGINEERING SCIENCE
