RECEIVED

To the City Council of the City of Detroit:

RECEIVED

Dear Sir,

We, the members and pastor of the Tennessee Missionary Baptist church, are petitioning the City Council for permission to re-surface the alley running east and west between Crane & Fischer. This alley runs between the church's 4 parking lots, and this alley is in need of re-surfacing. If given permission, the church will re-surface the alley in a professional manner according to city code.

We were told by some of the city officials if we want to re-surface the alley running between the church's 4 parking lots, we would have to petition for the closing of the alley running north and south from Vernor to the alley running east and west between the church's parking lots forming a "T". This alley running from Vernor runs between Fischer and Crane and dead ends at the alley running east & west between, the church's parking lots.

When maintenance is done to the church's parking lots, this alley is in such bad condition, it takes away the beauty of the area. The maintenance on the church's parking lots is scheduled for May 15, 1999. We are praying that you will grant us our request.

Respectfully,

Reverend Harry N. Napoleon

The Members & Pastor of the Tennessee Missionary Baptist Church
