RE: BSE Case #4900  
10203 Livernois

Dear Council Members

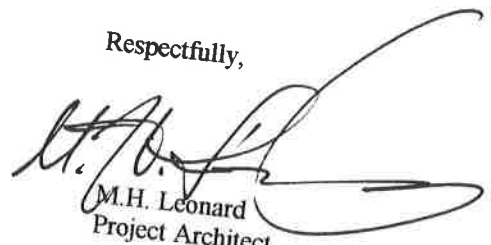

We are requesting permission to convert to easement the public alley at the rear of our property located at 10203 Livernois.

We have submitted plans for the renovation of that property to the City planning & development Department for their approval. Among their requirements for approval, they want us to start the process of closing the alley, which the City of Detroit owns the adjacent property.

This alley has been out of service for years. The trees and shrubs exceed (10) feet in height and are no longer accessible to the public.

We are respectfully requesting permission to close the alley in order to meet the requirements of the City Planning and Development Department.

Respectfully,

M.H. Leonard  
Project Architect
