RE: Re-Opening of McNichols Road

Dear Council:

This letter is a formal request for the re-opening of McNichols Road by the City Airport. Listed below are the reasons we feel this is mandatory:

- There are constant delays, which hamper responses from Emergency Medical Vehicles for residents in this area. This is a life-threatening situation, which obviously cannot continue.
- As it is, there are delays in access to the hospital in the area.
- There is also a railroad crossing and the closure of McNichols causes traffic congestion.
- Mt. Olivet Cemetery that is bordered by Conner, E. McNichols and Van Dyke has two entrances – one on Van Dyke at E. McNichols and the other on Conner. Due to E. McNichols being closed, the management for the cemetery has closed the entrance on Conner.

This has caused problems, one being that on several occasions, visitors to the cemetery have been mistakenly locked inside because the management of the cemetery wanted to cut down on unwanted traffic in the cemetery as drivers were using the cemetery for a short cut since E. McNichols is closed.

- Due to the closure of this road, the number of accidents in the area has increased significantly.

I know that the City Council when they have had a chance to review these facts will re-consider the decision regarding this closure.

I thank you for your time and consideration regarding this matter.

Sincerely,

Marie Altman-Thomas
