It's use would be limited to the display of our appliances available to the public. Display of the items would be done exclusively under the following guidelines:**

- 1. No more than 5 items will be displayed at any time.**
- 2. The display will only be used during regular business hours, which are 9:00am to 6:00pm Monday through Saturday. The items will be stored at the end of the business day.**
- 3. The display will be properly attended and readily movable in case of emergency.**

WYDIA 23.0

This is our company's second location in the Detroit area. The ability to display our products would give us visibility in the surrounding area while providing service to the residents of the immediate community. Though we only employ 5 people, this is a thriving business that can succeed in this neighborhood. We are simply asking Council for assistance in making this business viable and locally profitable.

Thank you in advance for your consideration.

Respectfully,

Dear Honorable City Council

This letter is to offer support for Hussein Hazime (Sam's Appliances) in the petition before City Counsel. I understand that Mr. Hazime is requesting to use City property for the Display of various items as a way of alerting the community to the presence of a Used Appliance store in the Community. As an nearby businessman I support this request. I think it will help both the community and the business areas. There is always a need for quality appliances. I think this also reflects stable neighbors and a solid neighborhood, since washers, dryers, and refrigerators are usually purchased by long term occupants. We all seek to improve this area, our little area of this great city, and I see the request before you as one good step in the right direction. Your approval would be greatly appreciated

Sincerely yours
