RE: Greektown Casino & Hotel
Detroit, MI
Encroachment of ROW

Dear Sir or Madam::

We are requesting an encroachment of right of way per the attached sketches.

An all-encompassing retention wall system will be set in place around the perimeter of the site until a permanent concrete retaining wall can be cast in place. Encroachment will consist of retaining rods placed at an angle as drawn (Similar to the Compuware project). Once the rod is set in place, it will be encased in grout.

Although it is shown as a temporary earth retention system, the rods will not be removed once the permanent wall is cast (See attached elevations).

The permanent concrete wall installation will begin O/A April/04.

Please refer all correspondence to my attention.

1. Applicant Name: Jenkins/Skanska, LLC
Mr. Noel Ignacio, Project Manager
407 East Fort Street, Suite 401
