Honorable City Council  
C/o City Clerk  
200 Coleman A. Young Municipal Center  
2 Woodward Avenue  
Detroit, Michigan 48226

RE: Detroit Medical Center (DMC) requesting the City of Detroit to investigate allowing a pedestrian bridge to be constructed over Brush Street (Brush Mall) north of Mack Avenue; a pedestrian Bridge over the Brady Street Easement, north of Mack; the rescinding of a portion of the current vehicular restriction within said Brush Mall and the conversion to easement of a portion of Brady Street, all in order to facilitate the construction of the new DMC Cardiovascular Institute.

Great Lakes Geomatics, LLC, at 1274 Library, Ste. 603, Detroit, Michigan 48226, on behalf of the Detroit Medical Center (DMC) request the City of Detroit to investigate allowing a pedestrian bridge to be constructed over Brush Street (Brush Mall) north of Mack Avenue connecting the proposed new 170,000 square foot Cardiovascular Institute (CVI) with the proposed new 1,700 space parking structure; a pedestrian Bridge over the Brady Street Easement providing access between proposed wings of the CVI; the rescinding of a portion of the current vehicular restriction within said Brush Mall in order to provide public vehicular access into the parking structure and the entrance into the CVI and the conversion to easement of a portion of Brady Street, all within the boundary of the DMC Campus north of Mack Avenue (variable width) between Beaubien Street (120 ft. wd.) and John R. Street (84 ft. wd.). It is also the intent of the DMC to reestablish the original Park environment within the Brush Mall area, so to allow the public a more pleasurable experience when visiting the Medical Campus as was originally intended of the Brush Family.

Great Lakes Geomatics, LLC, respectfully request on behalf of the DMC, that the involved City of Detroit City Departments and private utility companies investigate and report in favor of this development.

If you should have any questions, please do not hesitate to contact me at (office) 313-964-2770 (cell) 313-995-1319 or [jfoster@greatlakesgeomatics.com](mailto:jfoster@greatlakesgeomatics.com).

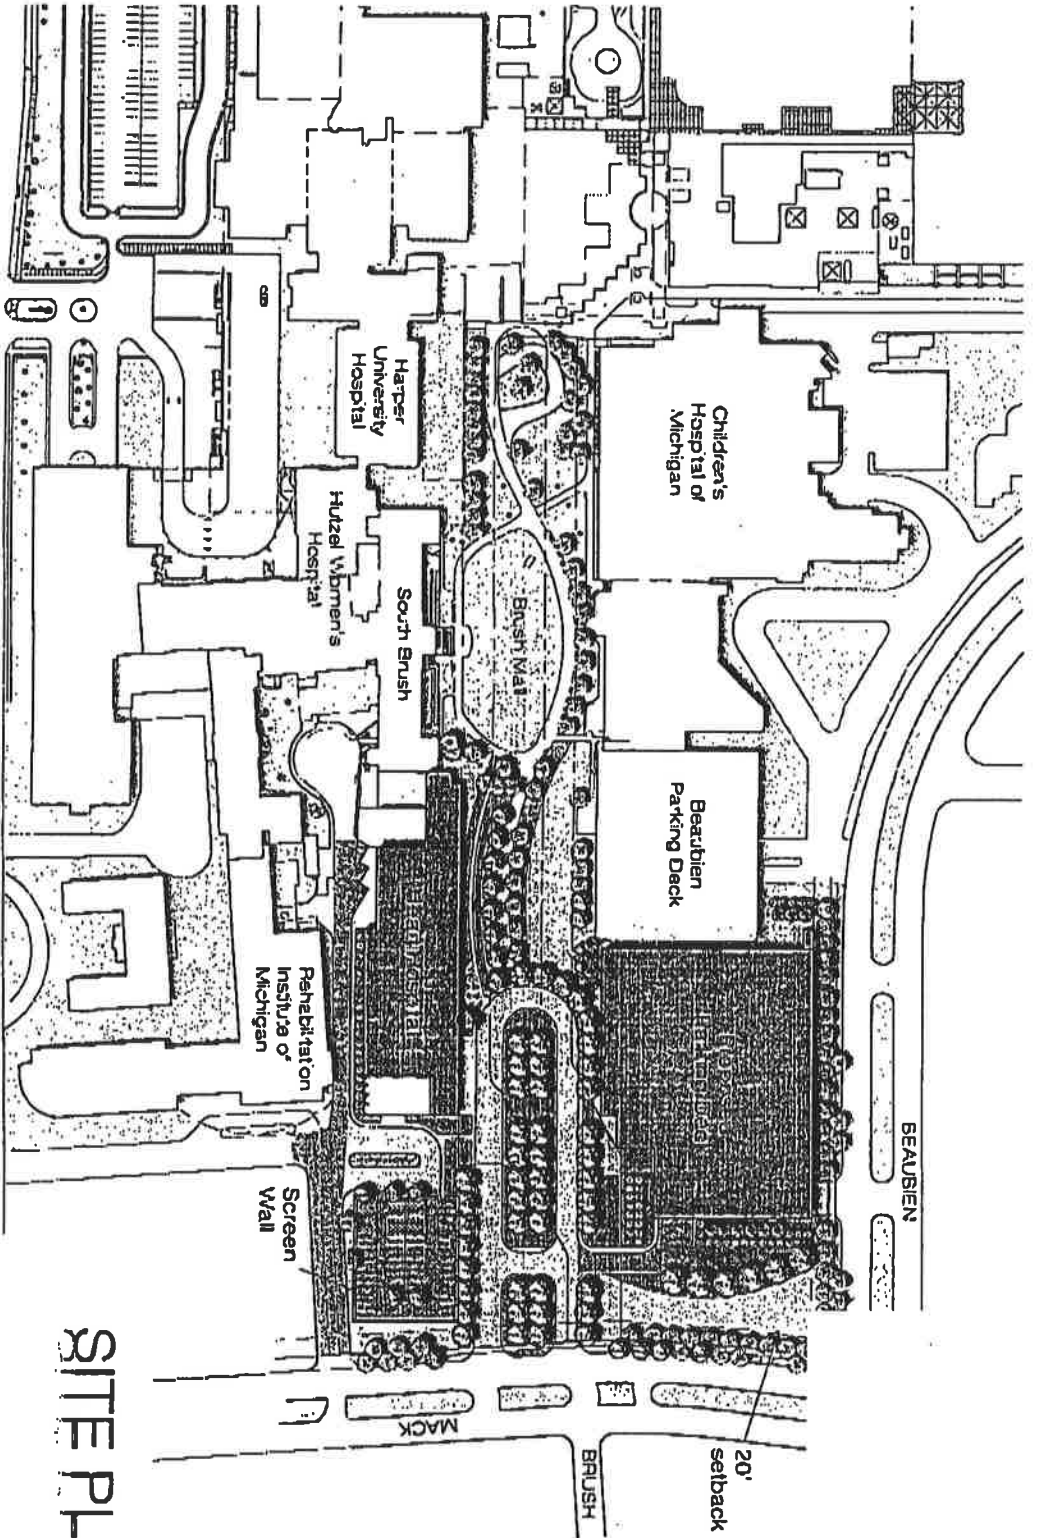

Respectfully,  
Great Lakes Geomatics, LLC  
  
James D. Foster
