Honorable City Council:

**Re: Petition No. 134 – The Peoples Community Apostolic Church, request to close alley with easement for property located at 7575 Puritan, Detroit, MI 48238**

Petition No. 134 of The Peoples Community Apostolic Church, request for the conversion of the west part of the east-west alley, 16 feet wide, in the block bounded by Pilgrim Avenue, 50 feet wide, Puritan Avenue 66 feet wide, Tuller Avenue, 50 feet wide and San Juan Avenue, 50 feet wide into a private easement for utilities.

The request was approved by the Solid Waste Division – DPW, and Traffic Engineering Division – DPW. The petition was referred to the City Engineering Division – DPW for investigation (utility review) and report. This is our report.

All City Departments and privately owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

Detroit Water and Sewerage Department (DWSD) have no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

Public Lighting Department (PLD) reports no objection to the conversion to easement.

I am recommending adoption of the attached resolution.

Respectfully submitted,

  
Richard Doherty, P.E., City Engineer  
City Engineering Division – DPW

First, said owners hereby grant to and for the use of the public easement or right-of-way over said alley herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or poles or things usually placed or installed in a public street or alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, Said utility easement or right-of-way in and over said vacated alley herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Provided, that said owners of the adjoining property, for themselves, their heirs and assigns, agree that no building or structure of any nature whatsoever, including porches, patios, balconies, etc., shall be built upon or over said easement, or that no grade changes or storage of materials shall be made within said easement without prior written approval and agreement with the Detroit Water and Sewerage Department; and be it further

Provided, that if any time in the future, the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of the aforementioned utilities in said easement, such owners shall pay all costs incident to such removal and/or relocation. It is further provided that if sewers, water mains, and/or appurtenances in said easement shall break or be damaged as a result of any action on the part of the owner, or assigns, then in such event, the owner or assigns shall be liable for all costs incident to the repair of such broken or damaged sewers and water mains, and shall also be liable for all claims for damages resulting from his action; and be it further

Provided, That if it becomes necessary to remove the paved alley return at the entrance (into Tuller Avenue), such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division – DPW

specifications with all costs borne by the abutting owner(s), their heir or assigns; and further
