Keith,

I concur that we spoke and that we wish to maintain the status quo with our fence lines and gates. I have attached a crude drawing depicting the current layout. Please keep in mind that this is not to spec and the measurements were taken to the best of my ability. We have two gates on Superior, one on each side. One gate is located right off the sidewalk on Moran and the other is located in line with the end of our plant wall. I once again thank you for helping with this. If you need anything else, please feel free to contact me.

Dan,

Please send a confirmation that we spoke today. You are not renewing the Temporary Closure. Instead you wish to convert to easement, Superior Street. From the Moran to the west limit of the former Temporary Closure (508 feet). Provide a drawing illustrating this.
