Dear Mr. Williams,

Thank you for your email of a few minutes ago.

I have spoken with city officials and will be following up to secure the reversal of the current objection to the Petition for Renewal of Temporary closure in the very near future.

Please note that there would be a significant public safety issue caused by the rejection of the Petition or the closing of this file.

If you have any questions please feel free to call me at any time [[313-505-9966](tel:313-505-9966)]

Again, thank you. We will be attending to this.

Curtis Blessing

Subject: Petition #256 - Renewal of Temporary Closure

Good afternoon Mr. Blessing P.C.

We have not heard from you concerning your Petition request in quite some time. We're in the process of closing your Petition request; unless we hear from you soon. As of today, the only utility that have an objection are the City of Detroit: Traffic Engineering. Below is their contact information and their comments are attached, so if you want this Petition to continue, please contact them so their concerns can be address. Then you can notify me about you decision to continue or discontinue the process.

Traffic Engineering is [313 628-5640](tel:313-628-5640). Ask for Meena.
