Subject: 14501 W. Eight Mile Rd; Illegal Marijuana Provision Center

Schaefer 7/8 Lodge Association has been in opposition of this illegal marijuana facility since July of 2014. This is the location where the marijuana people illegal took city property and converted the property into a paved parking area for the marijuana community. As you remember in previous e:mail, this address was ordered by the City of Detroit to remove the concrete and replace the berm with grass as it was previous.

Whoever is responsible for that address ignored the orders from the City of Detroit. The City of Detroit talked to Schaefer 7/8 Lodge Association and an agreement was reached that the City would wait until the spring of 2016 and contract the work out because the owner has refused to comply with the orders.

The City installed no parking signs and the marijuana people removed the no parking signs one time, the City came back later and installed no parking signs the second time, (12-08-15), and the marijuana people removed those signs. On 12-10-15 the City installed more no parking signs for the third time and also install the cement parking lot barriers around the perimeter of the berm area.

Waiting to see if the marijuana people remove those concrete barriers.
Detroiters, this is just an example on why we have to show up and support the passage of Ordinance #61 on 12-17-15, at 1:00pm in the Auditorium on the 13 floor of the CAYMC.

Winfred Blackmon, President
