Ms. Dayton ,

Per our discussion this morning. You may proceed with the erection of the security gates on Hartwick . To be placed at Euclid south Right of Way line and at the southern boundary of your property on 1500 E. Euclid, parcel 07002093-7. A dedication of property at 7991 Hartwick, parcel 07001600-1 to provide a turn a round must be provided as shown in the attached drawing.
Please note that if council rejects your request , you will have to remove the gates.

Good morning All,

I've attached the revised drawing of our proposed partial closure of Hartwick Drive. We've met with all of you and believe we've adjusted for your concerns. The most notable adjustments are removing all closure

from Euclid Ave. and moving (now) both lift gates onto Hartwick Drive and a turnaround just before the south-side lift gate.

Please review. As you know, Euclid Manufacturing will need to have a public hearing on this proposal. In advance of that, it would be greatly appreciated if you would write a letter of support for this project. Most of you have already spoken with Mr. McCrary with the City; please direct an email to Mr. McCrary expressing your support of this project (Keith McCrary mccraryk@detroitmi.gov). If you would cc: me (ddayton@lw-grp.com), I would appreciate it.

If you have additional questions, please don't hesitate to contact me.

Thank you all for your assistance in this effort.

Best regards,

Dawn Dayton
