Honorable City Council:

Re: Petition No. 888, Bobby's T.C.B. Towing Service, request that Birwood St. South of Lyndon St. north of the railroad tracks be vacated.

Petition No. 888 – Bobby's T.C.B. Towing Service, request to vacate and convert to easement part of Birwood Avenue, 80 feet wide, between Lyndon Avenue, 66 feet wide and the railroad tracks north of Intervale Avenue, 60 feet wide.

This request is being made to consolidate the owner's property, and to provide security. This part of Birwood Avenue is a dead end street, and a part of the street was previously temporarily closed.

The petition was referred to the City Engineering Division – DPW for investigation (utility review) and report. This is our report.

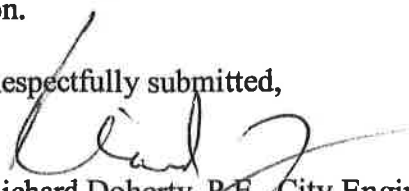

The request was approved by the Solid Waste Division – DPW, and Traffic Engineering Division – DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution.

All other involved City Departments, including, Public Lighting Authority, and Public Lighting Department, also privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Richard Doherty, P.E., City Engineer
City Engineering Division – DPW
