Keith,

I apologize for getting back with you so late, but I have been swamped all day! I had an opportunity to confirm with the owners of the parcels south of the alley and we do not wish to build on the alley or close it off in any way. I believe you called this a "vacate to easement" for the alley. I hope this information clarifies our plans for the alley. Please do contact me should you have any further questions. Thank you!

Best regards,
RB
