As a result of the neighbor denying us street access we are forced to give up our efforts and cancel this petition.

Thanks,

Tom

Unfortunately I cannot get permission from my Neighbor who has the property on the other side of the street. I have been told that since Olympia Development (my neighbor) does not know what their plans are they will not allow me to execute our plans. It is unfortunate.

Thanks for checking in, it is a great plan for us, the city and the citizens.

Good afternoon Tom:

Back on October 6, 2017, I've spoken with you concern the status of your Petition request. You responded that you were going to get back with me.

Can you please reply to this e-mail or give me a call with your Petition status.

Good morning Tom:
Thanks for the information.
However, can you write the revised dimensions down on the map and you can take a picture of it like you did before.
Thanks again.

Walter, thanks for the diagram, sorry I misunderstood your request. It is another 15' to the end point so the total distance would be 52'7". (37'7" + 15')

Hello Tom:
I've received your e-mail and I attached my revised scanned and petition plan. What measurement I need is marked in "green". The second attachment is the proposed petition map the will be submitted into the City Clerk. If you have any further questions, please let me know.

Walter, my scanner is down, please let me know if you can accept/print this photo of the plan you requested. The measurement is 37'7" from the Cass and Grand River corner of

the building to the edge of the planter/bin. I will email you the document when my machine is back on line

Thanks, Tom
