Jordan, just to be clear, you are canceling your Petition request?

Hi Walter - that sounds good. Thank you for your assistance with this matter.

Hello Jordan:

Because of the longevity of this Petition, instead of a postponement, let's just cancel it and at a later date, you can reapply?

Please advise.

Hi Walter - thanks for the follow up. Can we just postpone the petitions at this time since we had multiple people objections from different groups? I would rather wait until our specific development plans are finalized before going through the process of dealing with the people objections.

Thanks,

Jordan

Good afternoon Jordan and Martha:

I left a V.M. with Jordan this morning. A few months ago, I emailed you concerning the status of getting consent letters from the abutting property owners. Can you provide the consent letters from the abutting property owners ASAP?

Because it normally takes between four to six months for the Petition process to be completed, its has been over a year since the process has started. Please provide the information so your Petition request would not be subject to closure.

Good morning Martha:

Per our conversation this morning, attached is the "Definition of Terms". We will need the consent letters from all the abutting property owners to support the change before we can finish this process (see attachment). If you cannot get in contact with the

abutting property owners, you can mail a certified letter to those owners address. If it comes back marked "Return to Sender", then show us those returned letters and that will satisfy our requirements and then I can finish your Petition request.
