The Honorable City Council
Attn: Office of the City Clerk
200 CAYMC
Detroit, MI 48226

Dear City of Detroit Clerk:

The Greektown Preservation Society wishes to apply for an encroachment permit to install a community garbage compactor in the North alley of the 500 block of Monroe between St. Antoine and Beaubien.

The purpose of the compactor is to use 1 container as opposed to many small containers. The compactor would be shared with all the North side businesses.

It will be much cleaner and more effective than individual cans. The cans overflow and create a big mess. Individual cans create a rodent problem that is hard to control compared to a compactor.

We wish to get permission ASAP.

Sincerely,

Tasso Teftsis
President
Greektown Preservation Society
