Subject: Petition #1803 - Petition Consent Letter "FINAL" Update

Hello Mr. Strong:

Per our conversation this morning, it is imperative that your Petition request that you submitted to the City back in October, 2017 to be closed immediately. So please reach out to the abutting property owners so they can provide their consent ASAP.

Because it normally takes between four to six months for the Petition process to be completed, its has been over a year since the process has started. Please provide the information so your Petition request would not be subject to closure.

If you have any questions on this process, please feel free to contact me.

Sincerely

Walter,

They have been pretty good with us, but they are hung up with access – it has bit them in the past and they seem hung up on this. This is the biggest obstacle and would love your help if possible. Please let me know your thoughts.

 Hello Walter,

I am trying to get the letters, it will happen – not sure if they are out of town or something. I understand they are good with it and had a letter once before and can't locate them. I will continue to contact them, missing one letter.

Subject: Petition #1803 - Petition Consent Letter Update

Hello Mr. Strong:

Last month, I emailed you concerning the status of getting consent letters from the abutting property owners. Can you please provide the consent letters from the abutting property owners ASAP? If you cannot get in contact with the abutting property owners via regular mail, please send your letters via certified mail.

One more step, once you send out the certified letters and if they returned back to you (please see attachment for example on what they look like), then make a copy of your return letters, scan and email the receipts to me.

If you have any further questions, please let me know.

Good morning Mr. Strong:

Just to let you know that all of the fifteen Utilities company responses has come in. Fourteen of them came in with no objection. However, DTE Energy has comment involved "OBJECTION". If you have any further questions, please contact the Utility for further information. I am still waiting on the consent letter from the abutting property owners that is needed in order to complete your request.
Remember that this phase in the Petition process are not complete until the issue with the Utility company and having received all of the consent letters is resolve.
