RE: **Petition No. 1821-revised**
Request to Outright Vacate Various Streets And Alleys And Encroachment Into
Monroe And A Portion Of Cadillac Square In The Area Bound By Monroe,
Randolph, Bates, And Cadillac Square

The Detroit Water and Sewerage Department (DWSD) is in receipt of the subject petition. DWSD has water mains and sewers located within the areas requested for outright vacations and conversion to easement. DWSD has no objections to the outright vacations and conversions to easements as per the previous mutual understandings between DWSD and the Petitioner and per the attached provisions. Petitioner agrees to address the following concerns:

- Petitioner shall provide confirmation to DWSD that loads from the National Theater Arch foundations encroaching in the proposed easement will not bear structural influence on the existing 9.9 ft. deep 1'-9" (wide) and 2'-6" (tall) combined flow sewer.
- The Petitioner shall grant DWSD a 30 foot easement for the portion of the DWSD sewer extending between Monroe St. and Bates St. The terms for the easement shall be as mutually agreed to per an Agreement and Grant of Easement executed between the Petitioner and DWSD for the sewer size and location (as currently located in Farmer or as adjusted).

If you have any questions, please feel free to call me at (313) 267-8309 or Mohammed Fa Siddique at (313) 964-9245.

RE: Giffels Webster – Revision to petition 1821, request to vacate a series of public alleys and street Rights-of-Way within and adjacent to Woodward, Monroe, Farmer, Bates and Cadillac Square in the City of Detroit, Michigan.

Giffels Webster, 28 W. Adams, Suite 1200, Detroit, Michigan 48226 on behalf of Bedrock Detroit, 630 Woodward Ave., Detroit, Michigan, 48226 respectfully requests the following revisions to petition 1821 of the City of Detroit Rights-of-Way:

- Remove the proposed underground Monroe ramp and tunnel.
- Remove the request to vacate and retaining the utility easement for the section of the alley behind the Cadillac Tower, this will remain public right-of-way.
- Reduce the temporary earth retention tie back encroachment extents from 100 feet to between 55 feet and 46.5 feet.

The requested vacations are a critical part of the Monroe Block re-development project. We have been engaging with the affected utility providers to relocate and/or abandon their facilities to support these rights-of-way modifications. Please refer to the attached detailed sketches for further clarification.
