Good Morning

No, I haven't spoken with the Police Dept. I guess at this point I will just withdraw my petition. There is just too much to go through. Its disappointing that the process is so involved, especially when my property is the only one actually in the alley.

Thank you for all your assistance in this matter.

Happy Holidays to you!

Good morning Mrs. Adams:

Just checking in to see if you address Detroit Police Department concerns on their comments involved OBJECTION and consent letters from the abutting property owners?

Good morning Mrs. Adams:

Just to let you know that all of the fifteen Utilities company responses has come in. Fourteen of them came in with no objection. However, Detroit Police Department has comment involved "OBJECTION". If you have any further questions, please contact the Utility for further information. I am still waiting on the consent letter from the abutting property owners that is needed in order to complete your request. Remember that this phase in the Petition process are not complete until the issue with the Utility company and having received all of the consent letters is resolve.

Good morning Mrs. Adams:

Attached is the "Abutting Property Owner" contact information (from the assessors office) that you need consent from in order to closed your alley (see attachment highlighted in pink). You will need to submit their consent via a written letter or in a petition format.

Remember, we need the consent letters from **ALL** of the abutting property owners to support the change before we can finish this process. If you cannot get in contact with the abutting property owners via regular mail, you can mail a certified letter to those owners address. If it comes back marked "Return to Sender", then show us those returned letters and that will satisfy our requirements and then I can finish your Petition request. The Property Owners Information are the address that you will send your request to.

If you have any questions, please contact me.
