

# City of Detroit Detroit Water and Sewerage Department Inter-Departmental Communication

- **TO:** Richard Doherty, City Engineer City Engineering/Department of Public Works
- **FROM:** Debra Singleton, Engineer Detroit Water and Sewerage Department
- **DATE:** June 21, 2018
- RE: Petition No. 231 Requested– Temporary Closure Of Burgess St. In The Block Bound By chapel, Acacia, Greydale, And Lyndon

We have reviewed the above Petition received by this office. Our records indicate there are water mains and sewers in Burgess. With regard to DWSD's interests, our comments are as follows:

• DWSD has no objections to the requested temporary closing provided that the attached provisions for temporary closing are followed.

If you have any questions, please call me at (313) 267-8309 or Mohammed Fa Siddique at (313)-964-9245.

# **PROVISIONS FOR TEMPORARY CLOSING**

Detroit Water and Sewerage (DWSD) agrees to the proposed temporary closing of the right-of-way subject to fulfilling the following provisions:

- Detroit Water and Sewerage Department forces shall have free and easy access to the water main and sewer facilities at all times to permit proper operation, maintenance and if required, alteration or repair of the water main and/or sewer facilities. Free and easy access shall mean that no structures or storage of materials will be allowed upon the temporarily closed street to hinder the movement of maintenance equipment.
- 2. Where a fence is placed across the temporarily closed portion of a street/alley, then a gate must be installed to permit access for DWSD forces. The gate shall remain unlocked 24 hours a day, unless a guard is stationed near the gate to allow the Detroit Water and Sewerage Department ingress and egress at any time to and from the temporarily closed street/alley. The minimum dimensions of the gate or gates shall provide 15 foot vertical and 13 foot horizontal clearances for freedom of DWSD equipment movement.
- 3. Should the water main and/or sewer facilities be broken or damaged due to any actions on the part of the petitioner or assigns, then the petitioner or assigns shall be liable for all costs incident to the repair of the broken or damaged water main and appurtenances, and the petitioner waives all claims for damages.

These Provisions for Temporary Closing must be made a part of the City Council's Resolution granting the temporary closing of the subject right-of-way.

06/27/2014

#### PETITION FOR A SEMI PERMANENT STREET CLOSURE

Burgess Street between Eaton and Acacia

#### To the Honorable Members of the Detroit City Council:

We the owners of properties located on Burgess Street, addresses between 14300 and 14430 requests a permit to semi permanently close this street to vehicular traffic. We also ask that the city's land development department initiate a study to consider a permanent closure.

For several years this street has been an attractive nuisance for crime and illegal dumping. Often we the property owners are targeted, issued citations for and charged with the responsibility of removing debris discarded by other. There is constantly a stream of stolen automobiles transported to this stretch of roadway to be stripped and discarded.

We feel that the best way to combat or curtail this illegal activity is to close the street to automobile traffic and restrict access to pedestrians only. We would like to create park-like setting which will include two large cement plant boxes at each end of the street. The property owner would utilize their grass spaces to place benches and tables for use by the neighborhood. We will find funding sources or bear the expense of the closures. The property owners will continue to maintain their respective lots, and collectively maintain those that belong to the City of Detroit or the Detroit Land Bank Authority.

Attached are recently photographed images of illegally discarded debris. Please take into consideration this request and notify me of your decision.

Respectfully,

Michael E. Williams 14371 Chapel Street Detroit, Michigan (313) 638-5048
