Lead Time

Based on the information we have received; this job will require approximately nine months to complete after a written go-ahead and check has been received. However, Project Management would have to evaluate crew availability to determine a more accurate construction duration time. Any changes to the job plan originally provided by the customer may alter the time required to complete the work, and the cost.

The information provided in this memo is valid for six months. If you have any questions, please contact me on 313-235-4405.
