Good morning Mr. Williams,

Could you please cancel this request? We sold our building, so we will be moving in the next couple months.

Please feel free to contact me with any questions or concerns you may have.

Thanks!

Good afternoon Mrs. Salter:

Per our conversation this morning, the only utility that have an objection is the City of Detroit: Traffic Engineering. Below is their contact information and their comments are attached, so if you want this Petition to continue, please contact them so their concerns can be address. Then you can notify me about you decision to continue or discontinue the process.

Traffic Engineering is [313 628-5640](tel:313-628-5640). Ask for Meena.

Subject: Berm Permit

To whom this may concern:

Total Management Recovery Services (TMRS) is a service provided to large or small companies. We handle recyclable material, paper, plastic and cardboard.

TMRS would like to apply for a Berm Permit with the City of Detroit. The address for this permit is 5454 Russell St., Detroit, MI 48211. The actual parking location is located along the West side of our building, which is Ferry St. A picture is provided on page two.

The reason for this permit is because we have no adequate parking facility due to the big tractor trailers backing in and out of our yard. Having vehicles parked in the yard becomes a very serious safety issue with the employee's and customers walking into our warehouse.

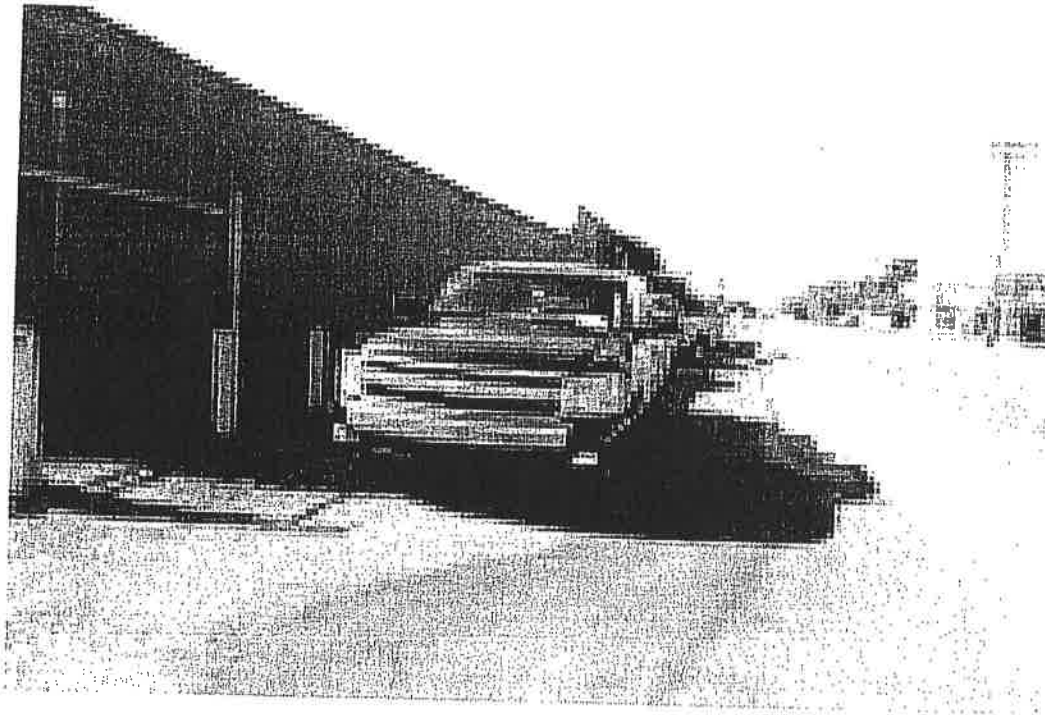

Please feel free to contact me at 734-384-3500 or email tmrs.shay@gmail.com for questions or concerns.

Sincerely,
