Honorable City Council:

**RE: Petition No. 590 — First Latin American Baptist Church, request to vacate and convert to easement the alley adjacent to their property located at 2004 Scotten Ave.**

Petition No. 590 — First Latin American Baptist Church request to vacate and convert to easement part of the north-south alley, 20 feet wide, in the block of Vernor Highway, 66 feet wide, Wolff Avenue, 50 feet wide, Scotten Avenue, 66 feet wide, and Palms Avenue, 50 feet wide.

The petition was referred to the City Engineering Division – DPW for investigation (utility review) and report. This is our report.

The request is being made to facilitate a future development.

The request was approved by the Solid Waste Division – DPW, and Traffic Engineering Division – DPW, and City Engineering - DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the conversion to easement. The specific DWSD provisions for easements are included in the resolution. DTE Energy reports involvement because they have services in the area; a specific provision to maintain access to DTE facilities is a part of the resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the conversion of the public right-of-way into a private easement for public utilities. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Richard Doherty, P.E., City Engineer  
City Engineering Division – DPW
