

City of Detroit Detroit Water and Sewerage Department Inter-Departmental Communication

- TO: Richard Doherty, City Engineer City Engineering/Department of Public Works
- **FROM:** Debra Singleton, Engineer Detroit Water and Sewerage Department
- **DATE:** April 15, 2020
- RE: Petition No. 861 Requested Temporary Closure of Burgess Ave. In The Block Bound By Lyndon, Chapel, Acacia, And Graydale

We have reviewed the above Petition received by this office. Our records indicate there is a sewer and a water main in Burgess. With regard to DWSD's interests, our comments are as follows:

• DWSD has no objections to the requested temporary closing provided that the attached provisions for temporary closing are followed.

If you have any questions, please call me at (313) 267-8309 or Mohammed Fa Siddigue at (313)-964-9245.

Sincerely,

Debra Singleton Engineer Permits

REQUEST TO TEMPORARY CLOSE BURGESS ST. 50 FT. WD. IN THE BLOCK BOUND BY CHAPEL, ACACIA, GREYDALE AND LYNDON AVE. CITY OF DETROIT CITY ENGINEERING DIVISION SURVEY BUREAU JOB NO. 01-01 DRWG.NO. X 861

PROVISIONS FOR TEMPORARY CLOSING

Detroit Water and Sewerage (DWSD) agrees to the proposed temporary closing of the right-of-way subject to fulfilling the following provisions:

- 1. Detroit Water and Sewerage Department forces shall have free and easy access to the water main and sewer facilities at all times to permit proper operation, maintenance and if required, alteration or repair of the water main and/or sewer facilities. Free and easy access shall mean that no structures or storage of materials will be allowed upon the temporarily closed street to hinder the movement of maintenance equipment.
- 2. Where a fence is placed across the temporarily closed portion of a street/alley, then a gate must be installed to permit access for DWSD forces. The gate shall remain unlocked 24 hours a day, unless a guard is stationed near the gate to allow the Detroit Water and Sewerage Department ingress and egress at any time to and from the temporarily closed street/alley. The minimum dimensions of any gate or gates must provide 15-foot vertical and 13 foot horizontal clearances for freedom of DWSD equipment movement.
- 3. Should the water main and/or sewer facilities be broken or damaged due to any actions on the part of the petitioner or assigns, then the petitioner or assigns shall be liable for all costs incident to the repair of the broken or damaged water main and appurtenances, and the petitioner waives all claims for damages.

These Provisions for Temporary Closing must be made a part of the City Council's Resolution granting the temporary closing of the subject right-of-way.
