Petitioner,

RE: Petition No. x998

Petition No. x998 Bike Tech Detroit, request to encroach upon Canyon Avenue for the use of vehicular parking along the designated sidewalk right-of-way, adjacent to 18401 East Warren.

The petition was referred to the City Engineering Division – DPW for investigation (utility review) and report. This is our report.

The review of petition x998 has determined that the proposed design does not meet the City Standard for approved parking. Continued use of the sidewalk for parking purposes will be cause for a notice of obstruction. Please contact the Department of Public Works: Traffic Engineering Division for more information on approved parking designs.

The Department of Public Works, City Engineering Division **denies** this petition request. Please receive and file this report for you reference.

Respectfully submitted,

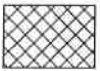

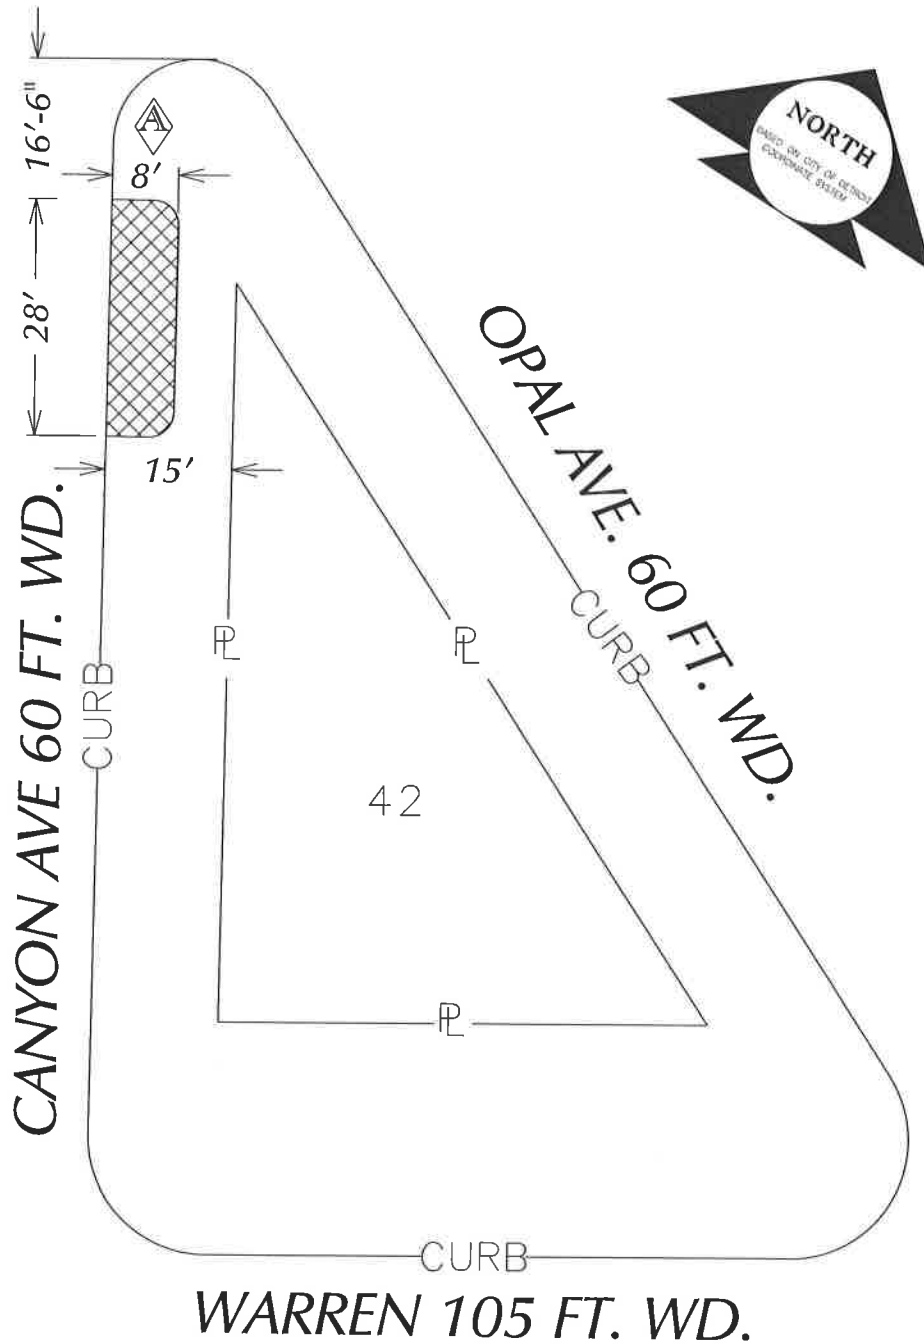

Richard Doherty, City Engineer  
City Engineering Division – DPW
