A petition drawing is attached. Property shown on the attached print is proposed to be changed as indicated. Kindly report (using the back of this sheet) the nature of your services, if any affected by the proposed change and the estimated costs of removing and rerouting such services (if necessary). If a response is not received after a second notice of proposed change has been issued DPW will make the determination to move forward with the petition.

Please return one copy to City Engineering Division, DPW within two weeks of the submittal date. Retain one copy and print for you file.

Ron Brundidge, Director, Department of Public Works

On behalf of the above mentioned petitioner the Department of Public Works: City Engineering Division is submitting a petition request for the below mentioned action. The petitioner has received a project consultation from the Department of Public Works: City Engineering Division and has been advised the following:

Type of action recommended:

Petition to encroach into East Atwater Street, Gratiot Avenue, Broadway Street, and Schoenherr Street for the purpose of installing Small Cell Telecommunications Network Electrical Cabinets.

Based on the scope of the project the following requirements have been outlined:

- No further requirements noted.

Sincerely,

Re: ExteNet Systems, Inc. - Petition for Rights-of-Way Encroachments for
Four Electrical Cabinets, associated electrical components, and
mounting equipment as required

Dear Honorable members of the Detroit City Council:

ExteNet Systems has been installing a Small Cell Telecommunications Network within the Rights-of-Way in Detroit for the past two years; pursuant to authority accorded by the Michigan Metro Act, and approvals and permits granted by the City of Detroit.

The purpose of this request is to place four Alpha Electrical Cabinets, and associated components and equipment to provide power supply to several of the small cells related to the network. The result of placing these four cabinets will result in the elimination of the necessity for open trenching, along with disruption to the City and Citizens.

The four cabinet locations are :

- South side of E Atwater Street, at Civic Center Drive
- East side of Gratiot Avenue, south of Randolph Street
- In the median within Broadway Street, west of John R Street
- East side of Schoenherr Street, south of E 7 Mile Road

Detroit City Council - page 2

The cabinets will be monitored and managed by:

ExteNet Systems, Inc
National Operations Center
3030 Warrenville Road, Suite 340
Lisle, IL 60532

ExteNet has appreciated working with City staff for over a decade providing quality telecommunications infrastructure within the City of Detroit, and we look forward to our continued relationship with the City.

Please feel free to contact me (734-536-3081) if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "David W. Schneider". The signature is fluid and cursive, with a long horizontal stroke at the end.

David W. Schneider
Director, External Affairs
