Stories told with a "special touch!"

September 30, 2020

Dear Detroit City Council Members,

As a longtime Detroit Resident, I am excited about the opportunity to 'spread the power of sharing books. My organization Alexrai2000 has partnered with JM Education Consultants, LLC , a Detroit based business to donate a Free Little Library Box that we would like to install at 17229 Heyden Street. We selected this location so children and adults will have access to an array of fiction and nonfiction right in their neighborhood.

Although I will act as the steward of the library box, which includes making sure books are readily available. The libraries are known for the motto; "take a boo or leave a book." So we look forward to encouraging community members to share favorite books as well.

Like us, we know all of you are strong advocates for literacy in the city of Detroit and look forward to working with your office to get this project approved. We are currently working to have the box build in preparation for installation and a kick off celebration in the near future. As champions for reading and quality books we welcome this collaboration with the city, the neighborhood children and families as we all pitch in to make the little library a huge success. Please feel free to notify me if you have questions and to discuss next steps.

Sincerely,
