Honorable City Council:

RE: Petition No. 1419 – City of Detroit: Public Works Department request to vacate to utility easement Roselawn Street, east of Oakman Blvd and south of Grand river Avenue, and the north-south alley lying east of Roselawn Street and south of Grand River Avenue.

Petition No. 1419 – City of Detroit: Public Works Department request to vacate to utility easement Roselawn Street, various widths, east of Oakman Blvd, 150 ft. wide, and south of Grand river Avenue, 100 ft. wide, and the north-south alley, various widths, lying east of Roselawn Street and south of Grand River Avenue.

The petition was referred to the City Engineering Division – DPW for investigation (utility review) and report. This is our report.

The request is being made in part of the development of the greenway along the Terminal Rail Road east and adjacent to the proposed vacation.

The request was approved by the Solid Waste Division – DPW, and Traffic Engineering Division – DPW, and City Engineering - DPW.

Detroit Water and Sewerage Department (DWSD) has no objection to the vacation and conversion to utility easement provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

All other involved City Departments, and privately owned utility companies have reported no objections to the vacation and conversion to utility easement of the alley. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Richard Doherty, P.E., City Engineer
City Engineering Division – DPW
