RE: Letter of Intent – Encroachment Application – ENG-22-789

To Whom It May Concern,

123.NET, Inc, A telecommunications company headquartered in Southfield, Michigan, would like to apply for an encroachment within the Right-of-Way on Cambridge Ave. 123.NET, Inc. proposes the placement of an electronically powered active Fiber Optic Cabinet Regeneration Hut, for telecommunications purposes, at Livernois and Cambridge Ave., approximately 200' East on the South side Right-of-Way on Cambridge Ave. To supply the required electrical power, we will place (1) 2" grey Schedule 40 conduit at a minimum depth of 48". DTE Energy will place the electric line and will be responsible for their own permitting. 123NET, Inc. will only be installing the cabinet and the fiber optic cable.

Please reach out to with any questions or concerns.

Thank you,

Rob Andrzejewski
Fiber Permits Coordinator
