Petition No. x2022-334 – Greektown Propco, LLC, request for encroachment over the southerly part of Monroe Street, northerly of and adjacent to the parcel commonly known as 508 Monroe Street.

The petition was referred to the City Engineering Division – DPW for investigation and report. This is our report.

The request is being made to replace the existing blade sign for the street front business (Five Guys Enterprises LLC).

The request was approved by the Solid Waste Division – DPW, and City Engineering Division – DPW. Traffic Engineering Division

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.
